

**Shaul/Turiano “Middle Ground” Proposal 9.24.18**

<b>County Wide</b>	Same
<b>Palisades</b>	<p>27K Northern Zone will become a JHCA Type 2. Mountain Biking will be allowed and Mountain Biking expansion will be allowed as per regular USFS Travel Planning. Any New Dirt Bike Trails will be subject to USFS Travel Planning.</p> <p>Area South of the Recreation Zone will become a JHCA Type 1 Area and managed accordingly.</p> <p>Snowmobiling will be allowed throughout the entire JHCA.</p> <p>No new snowmobile access points will be allowed.</p> <p>No expansion of existing parking areas for summer or winter access points (trailheads). Heli-Skiing will be allowed through the entire JHCA in accordance with USFS permitting.</p>
<b>Shoal</b>	Becomes Wilderness and added to the Gros Ventre Wilderness
<b>Mount Glory</b>	Winter Non-Motorized Area added to the WPLI Proposal. In addition Stateline-Black Canyon NonMotorized Zone is added south of the Pass
<b>Mail Cabin</b>	Mail Cabin Creek snowmobile access is allowed after April 1 along a designated route that follows the Mail Cabin trail in the canyon bottom until the point where the trail climbs the west flank to Super Bowl. Above this point, the designated snowmobile route shall follow the drainage bottom to the divide with Palisades Creek. No snowmobile access shall be permitted anywhere in the Stateline-Black Canyon zone during the autumn or winter months prior to April 1.
<b>New Jackson Hole Conservation Areas</b>	<p><b>JCHA Type 1</b>            Southern Palisades – 43,449.6 acres Spread-Gros Ventre – 183,727 acres Willow-Grayback – 15,910.4 acres Pacific-Blackrock -- 12,915.2 acres Camp Creek – 2,553.6 acres Mt. Leidy - 29,274 acres - Approx 244,379 Acres Total</p> <p><b>JHCA Type 2</b>            Northern Palisades – 28,992.0 acres Cache Creek – 15,980.8 acres Curtis Canyon – 12,051.2 acres Shadow Mountain -- ~7,400 acres Munger Mountain – 9,638.4 acres Phillips Canyon – 9,958.4 acres Existing Non-WSA portion near Red Top Meadows -- ~3,950 acres - Approx 87,969 Acres Total</p> <p><b>JHCA Type 1</b> landscapes are generally backcountry settings where the human recreational experience is, and will remain, of a low intensity, dispersed nature. JHCA Type 1 areas offer a high probability of solitude; closeness to nature;</p>

	<p>self-reliance; little or light evidence of people; few signs. JHCA Type 2 landscapes are generally front country settings where routine day use, accessed from local population centers, is reasonably convenient and accepted as appropriate.</p> <p><b>JHCA Type 2</b> areas have obvious signs of on-site management, (information and regulations), and moderate evidence of human sights and sounds; there is a concentration of users at campsites, trailheads, and along widely known and well-used trails.</p>
<p><b>Wilderness</b></p>	<p><b>Wilderness Additions:</b>  Jedediah Game Creek North Fork – 1,299.2 acres  Beard-Beaver – 1,382.4 acres  Jackpine-North Boone – 13,529.6 acres  Gros Ventre: Boulder Creek – 3,148.8 acres  Grizzly Lake -- 1,804.8 acres  Pacific-Turpin-Angle – 11,616 acres  Breccia – 1,190.4 acres  Camp Creek – 3,052.8 acres  Shoal Creek WSA – 11,801.6 acres</p> <p><b>New Wilderness Areas:</b>  Beaver Mountain – 5,619.2 acres  Purdy-Bacon - 49,815 acres  Green Fish - 39.302 acres  Approx 143,515 Acres Total</p> <p><b>Wilderness Subtraction</b>  Pinnacle from the Jedediah</p>
